

## Easiest Books for Emergent Readers

Learning to read is an exciting and sometimes daunting process. Following is a sample of some of the simplest books for beginning readers. They contain simple vocabulary, few words per page, visual clues, and large text to help young readers decode the words. Remember that it is still very important to read a variety of books aloud to your child during this exciting period in their young lives to ensure that their love of well-written stories is not lost in their struggle to decode words. The following titles are shelved by the first three letters of the author's last name in the easy reader section unless otherwise noted. Need help? Ask a librarian!
