

Dear patrons,

As of 5 PM on Tuesday, March 17, 2020 the Amery Area Public Library is closed, due to the Covid-19 pandemic. Per our policy, the library will remain closed as long as the Amery School District remains closed. The date set for re-opening is unknown at this time. Please know that we will be monitoring and reevaluating this evolving situation so stay tuned to our website and our Facebook page for current information.

Even though our building is closed, we can still provide services to our patrons. Please visit our home page [www.amerylibrary.org](http://www.amerylibrary.org) or Facebook page <https://www.facebook.com/amerylibrary/> to see the many digital resources available for magazines, books, audiobooks and more. We are also compiling lists of activities and free resources for youth and adult services.

Stay home, stay safe, and be well.

Sincerely,

the staff of the Amery Area Public Library
