

Hello Trevor,

This was week three of our Summer Reading Program! Saturday, we had our monthly Saturday Storytime session followed by the tween/teen Brunch and Books meeting. On Monday, we had two events off-site - one program talking about our services for seniors combined with a birthday party for Barry Manilow and another program titled Wisconsin's Gangster Past: Turning the Badger State into the Crime State. At this presentation, Chad Lewis shared about the history of gangster activity right here in Wisconsin! Then on Thursday, Bruce the Bug Guy came to the library to teach about insects and arthropods using Show 'n Tell, storytelling, and hands-on activities that include LIVE critters! This program was paid for by the [Friends of the Amery Area Public Library](#). We are very grateful for their ongoing support.

Next week our board is meeting Monday evening at 5:45 p.m. The meeting is open to the public and everyone is invited. Tuesday at 2 p.m. you can come learn how to grow [Oyster Mushrooms](#) at home and the [Pokémon Club](#) has their monthly meeting at 4 p.m. Wednesday morning we have our regular [Storytime](#) program at 10:00 a.m. Then Thursday at 2:00 p.m. our [Non-fiction Book Club](#) is meeting followed by a [Minecraft Dinosaur Safari](#) at 6 p.m. (you have to register for this event, so look on our website for more details).

Have a great weekend and we hope to see you soon. Remember, [Adventure Begins at Your Library!](#)

Spotlight: Barbecuing

June 20th was the first day of summer! Many people like to barbecue in summer. While we do not have barbecues you can check out at the library, we do have books and even DVDs about barbecuing. So, if you are a new barbecue chef or an experienced one looking for new recipes, browse our collection for some inspiration!

If you aren't into barbecuing, we also have a large selection of cookbooks in the 641-call number range in our non-fiction section on the lower level of the library. We even have cookbooks for kids in our Juvenile non-fiction section, also in the 641s.
